The following action is in response to the proposed amendment-after-amendment received August 7, 2006. The proposed amendment has been approved for entry.

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

**In line 1 of claim 2, "electrorheologica" has been changed to – electrorheological --.**

**In line 4 of claim 3, "electrode" has been changed to – electrodes --.**

The above changes have been made to correct typographical errors.

***Allowable Subject Matter***

Claims 1-3, 5, 7, 8, 15 and 16 are allowed. Claims 3, 1, 2, 5, 7, 8, 15, and 16 will be renumbered for printing as claims 1-8, respectively.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious an electrorheological clutch as defined in claim 3 wherein a cylindrical housing with first and second electrodes at opposite ends of the rotor, and wherein a plurality of strip electrodes extend from the first and second electrodes on the outer surface of the cylindrical rotor toward the other of the first and second electrodes parallel to the axis of rotation and spaced equidistantly about the axis of rotation such that positive and negative electrodes alternate about the axis.

The art of record also fails to show or teach the electrorheological clutch as defined in claim 16 wherein strip electrodes parallel to the axis of rotation are additionally provided on the inner surface of the cylindrical housing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Response to Amendment***

The proposed amendment of August 7, 2006 overcomes the rejections under 35 USC 102(b) and 35 USC 103(a), and the claims are allowable for the reasons set forth above. Accordingly, the rejections under 35 USC 102(b) and 35 USC 103(a) are withdrawn.
